Detailed description

The versatile bench measuring 200×40×41 cm is a practical and durable solution for equipping locker rooms in schools, gyms, and sports facilities. Its simple and functional design makes it also suitable for school corridors or other public spaces.

The bench frame is made of solid steel profiles 30×30 mm and 25×20 mm, which are provided with a high-quality powder coating in RAL 5002.

The seat consists of 60 × 35 mm spruce battens, ensuring comfort and long service life.

The bench has a shoe rack.

The bench is delivered and disassembled in a box. It contains all the necessary materials for easy assembly.

Maintenance

Surfaces can be maintained with common cleaning agents, with the exception of aggressive cleaners, detergents, polishes, and products containing granules and sand. Do not expose the chair to excessive moisture or running water or to temperatures above 90 °C.
